POSTOFFICE IN EXCELLENT CONDITION.

W. B. Wooten, postoffice inspector, was here last week on official business. After going thru and checking up the district office accounts, money order business and war savings stamp sales, found them all correct and in good shape. The local postoffice handles all the business of the other offices in the county and has sold and delivered more than \$150,000 worth war savings stamps since the sale began.

Inspector Wooten highly complimented postmaster Tardy, and assistant, Mrs. Tardy, on the condition of the office and the way the records are kept.

A number of the younger set of Gainesboro, chaperoned by Miss Georgia Carter spent a most enjoyable day at Red Boiling Springs, Sept., 14th. Those composing the party were, Misses Lucile and Mary Smith, Edna and Rosa Gaines, Mai Page, Edith Anderson and Oda Herod; Messrs Edwin Reeves, Carl Anderson, Alvis Johnson, Nathan Roberts, Landon Anderson and Sterling McDearman. About a mile out from the Springs refreshments, consisting of various kinds of eatables and delicacies were served under a shade tree, where many pleasant hours have been spent by other picnickers and tourists. After spending the afternoon very pleasantly at the Springs, they returned to Jennings creek, where they lodged with a good neighbor until Sunday afternoon. The trip was made in 3 cars and without a single mishap, and was very interesting from start to finish. To say they had a good time would be putting it mildly.

Campaign For Clothing For Relief in Belgium.

Herbert Hoover, chairman of the Commission for Relief in Belgium, has asked the American Red Cross, through H. P. Davidson, to collect an additional five thousand tons of used clothes for the Belgians. The request has been gladly received, as the American Red Cross welcomes the opportunity to render such a needed service. The date set for this campaign is September 23-30, 1918.

Every kind of garments, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm cotton flannel and other kinds of cloth from which to make garments for new born babies, ticking, sheeting and blankets, woolen goods of any kind—and shoes of every size are asked for. Scrap leather is needed for repairing footwear.

Since the clothing will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population garments of flimsy material or gaudy coloring. Make the gifts practical.

Garments need not be in perfect condition. A hundred thousand and destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.

Woolen goods of any kind whatsoever are acceptable; soft hats and caps for all ages, and sweaters of any kind and size.

Men's shirts so worn or shrunken as no longer to be serviceable, are particularly welcome, since the material can be utilized for making children's garments.

DO NOT SEND.

Garments of flimsy material or gaudy coloring, ball dresses, high-heeled slippers, etc.

Stiff hats, either men's or women's, straw, dress or derby.

Anything containing rubber, raincoats, rubber boots, etc. Note: Rubber heels can easily be removed from shoes.

Books, toys, soap, toilet articles.

Notes or communications of any sort or description must positively not be sent.

Send all garments to headquarters of local Red Cross Chapter, Gainesboro.

Byrd Lee Quarles, Jr. made a business trip to Knoxville first of the week.

MISS RAGLAND BECOMES YEAMANETTE.

Miss Grace Ragland and Miss Patsy Walker, two popular young ladies who have been making their homes at the Y. W. C. A. have gone to Washington to engage in war work. The young ladies enlisted at the local recruiting station Tuesday, were accepted, are now full fledged yeomanettes. The young volunteers were given a rousing send-off by the other members of the "Y", and if well wishes count for anything, they will return to peaceful pursuits after the war safe and sound and proudly wearing service stripes worthily won.—Nashville Tennessean.

Miss Ragland is the accomplished daughter of Dr. and Mrs. W. H. Ragland, of Stone, and is the first Jackson county girl to volunteer for war work. She is a graduate of Cumberland University, and during the past year has held a responsible position with the National Life & Accident Insurance Co. at Nashville. Her many friends in Jackson county are proud of the spirit of patriotism she has shown, and wish her an abundant success, which she richly deserves.

OBITUARY.

Mrs. Hannah D. Spurlock, wife of Johnson R. Spurlock, died at her home on Gainesboro R-3, August 12, 1918, age 69 years, 2 months and 11 days.

Mrs. Spurlock was married to Johnson R. Spurlock May 24, 1865 having been married 52 years, 2 months and 18 days at the time of her death. Their union was a happy one, and blessed with 14 children, ten of which are living.

Mrs. Spurlock professed faith in Christ in 1865 and joined the M. E. church South and lived a true christian life the remainder of her life.

Funeral service was held at the home conducted by Rev. O. P. Gentry.

The deceased is survived by her husband and ten children.

J. M. Lovelady, wife and daughter, Ethel Lovelady and step-daughter, Miss Leona Pullman, of Cookeville, were in Gainesboro Monday en route home from Hartsville, where they had been visiting Mr. Lovelady's father, V. A. Lovelady. Enroute from Hartsville he stop over at his farm near Rough Point. Mr. Lovelady has been living Cookeville two years, but contemplates returning to his farm. His son, C. H. Lovelady, who has been employed in the Civil Service Department at Washington, has volunteered in the army, and left Wednesday for Clifton College, S. C., where he will take special training.

Mrs. Julia Loftis, wife of Dr. H. P. Loftis, of this city, made an attempt at suicide by hanging herself early last Friday morning at her home. She procured a cord while alone in her room, slipped out on the front porch and attached the cord to the cornice work just over the steps leading to the street, and there committed the rash act. She was found just in time to save her life, but remained unconscious for several hours. Mrs. Loftis has been in bad health for several month, having recently returned from a sanitarium in Nashville, her health being somewhat improved. The change was only temporary and during the past two weeks her condition has gradually grown worse. At present her condition is slightly improved.

Assistant Attorney General, B. C. Butler, is attending court at Cookeville this week.

Dr. C. C. Fowler has returned from Louisville, Ky., where he spent several days last week.

Mr. and Mrs. Will Byrne, of Granville, were the recent guest of their son, Dr. A. D. Byrne and wife.

Dr. Tom Haile, of Celina, was the guest of relatives in Gainesboro this week.

LOCALS

Your Uncle Sam Must Have Walnut.

American Walnut has proven under a four-year test in this war to be the best used for the manufacture of Gun Stocks and Aeroplane Propellers.

Our government needs all this wood it can secure during the continuance of war. All owners of tree in Jackson county are earnestly petitioned to sell them to the firms who hold government contracts for gun stocks and propeller wood. Fight with your trees. Don't let them remain idle slackers.

The contractors have not as yet been able to secure enough raw material to supply our boys at the front. Owing to the large number of men our government is putting at the front, there is an increasing demand for Black Walnut.

Half a dozen trees will provide lumber to build a propeller blade and put a gun stock into the hand of each man in a platoon. The last of one machine in the air, or one platoon in the fight might turn the tide in a battle. Picture your son or the son of your neighbor holding on and fighting against desperate odds until the company or regiment your trees have armed can come to his relief. Now make this relief possible. Turn your trees loose. Wake up and get into the fight, and in this way you will be fighting for and with him as truly as if you stood beside him in the battle. You have no right to do anything else.

We have a government contract for both propeller material and gun stocks, and are urgently needing Walnut at the present to supply the boys at the front with rifles. The following prices will be paid for logs rafted on Cumberland river.

12 inch to 14 inch logs,	\$25 per M. Rafted
15 " to 17 " logs,	\$45 " " "
18 " to 19 " "	\$55 " " "
20 " to 23 " "	\$70 " " "
24 " and up	\$80 " " "
